Subject: RE: City Comments on Univar Draft Stormwater Source Control Evaluation Work Plan

Hi Eva.

Per your request, here is a link to the Univar work plan on DEQ's ftp site.

ftp://degftp2.deq.state.or.us/aliverm\Univar_Yeon_Draft_SW_SCE_WorkPlan_20151019.pdf

I am not seeking your comments on it at this stage. DEQ and the City coordinated extensively on this with the EPA RCRA program, but as an EPA PM is still unassigned, we have moved ahead with the stormwater component with Univar under a letter agreement. We are on a tight timeline to get sampling started now that it is raining and DEQ and the City are confident that integration of our comments into the work plan will result in adequate characterization and subsequent action for source control. I will cc you on our comment letter and invite you to review the subsequent SCM implementation results as presented in an SCE down the line.

Thanks.

Subject: FW: City Comments on Univar Draft Stormwater Source Control Evaluation Work Plan

Hi Alex-

I don't think I received a copy of this (Univar SW SCE Workplan)? Would appreciate a copy. Thanks.

Eva

Subject: City Comments on Univar Draft Stormwater Source Control Evaluation Work Plan

Hi Alex,

The City completed its review of the Draft Stormwater Source Control Evaluation Work Plan prepared by ERM on behalf of Univar USA Inc., and dated October 2015. Please consider our attached comments during your review and approval of this plan. A hard copy will head out in the mail today, and thank you for soliciting our feedback on this plan. Let me know if you need any clarifications.

Linda
